All dimensions and specifications are approximate.

Interior height dimensions measured from center; variances may result due to center crown.

Tare weight is based on 2-drop door black model and will vary based on color, height and configuration.

Performance characteristics are based on uniform static loads and may be affected by concentrated loads and elevated temperatures.

Standard drop door options include:

- 1 or 2 drop doors on the 48" side(s)

- 1 drop door on a 48" side, with one drop door on right, 40" side (not available on 4025ns)

Material: HDPE

Materials and workmanship guaranteed for 3 years.

¹This model is specially designed with a 3" storage space to accommodate layer pads and other dunnage.
